

Would you like to have a select of domains from the login screen?

Please go to c:\program files (x86)\TSplus\clients\www\index.html with the following;

```
<!-- Multi Domain Start -->
```

```
</tr><tr id="tr-domain">
```

```
<td><label>Domain:</label></td>
```

```
<td><select name="Domain" id="Editbox3"</td>
```

```
<option value="DOMAIN1" SELECTED >DOMAIN1</option>
```

```
<option value="DOMAIN2">DOMAIN2</option>
```

```
<!-- Multi Domain END -->
```
