

Congratulations for joining the TSplus Family

Below are the instructions so we can generate a TSplus License (trial and permanent) for your TSplus Servers.

- 1) From the TSplus Server click on the “Admin Tool” ICON**

2) From the TSplus Administration Console click on the “License” Display (orange)

3) From the License screen locate the “Computer Section”. Here you will see the “Serial Number” displayed. It is a unique 9 characters starting with “P”. [Please click here for the Request for Licensing page.](#)

We will the mail you the license(s) with instructions on how to install it within 24 business hours
